Prayer to Use My Gifts

Heavenly Father, give me the grace to be grateful and to use my gifts and talents to show your love to others.

When they see me, may they recognize You living in me and loving them through me. I ask this in Jesus' name, Amen.

Contact Expectations

Faith is primarily formed in the family. Religious education programs support families by providing programs of systematic catechesis according to the following guidelines: Minimum requirement is 30 hours of catechesis per religious education program year for Pre-K through 8th grade levels. Classroom lessons account for 9 hour and the rest are at home, the Domestic Church. The very important elements of worship experiences, service opportunities and family-centered sacramental catechesis are essential to these expectations.
